Trade-marks Journal

Vol. 62 No. 3185

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

cables for camcorders; optical fiber cables; audio cables/video cables; USB cables; optical data transmission devices; optical fiber connectors; electricity conduits; fixtures for telephone wires; electric extension cords; computer software for assisting programming of industrial equipment control; digital still cameras; electronic white boards; automatic switching appliances, namely, automatic on-off switches; televisions for use in monitoring by video intercom systems; Intercoms; radio receiving/transmitting devices for fire alarms; face recognition terminals, namely, access control equipment; remote lighting control systems; receivers for wireless shutter open/ close remote controllers (electrical automatic door open/close systems); transmitters for wireless shutter open/close remote controllers (electrical automatic door open/close systems); remote controller transmitters/receivers; radios; cassette tape players/recorders; radio cassette recorders/ players; portable cassette tape players/recorders; portable radio cassette players/recorders; optical disc players/recorders/drives and parts thereof; cases for portable audio players; lens cleaning discs for optical disc players; data storage media, namely, memory cards for digital voice recorders, memory card readers for digital voice recorders; MP3 (MPEG-1 Audio Layer-3) players; audio speakers; stereo tuners; audio amplifiers; microphones; slip mats for turntable for record players; IC recorders, namely digital voice recorders; digital sound processors, namely computerized microprocessors for use in transferring sound from an analog to digital source; headphones; cordless headphones; earphones; stereo components, namely audio mixers, stereo receivers, stereo tuners, stereo amplifiers; audio mixers; audio equipment cleaners; car audio systems; wireless microphone systems consisting of wireless microphones, wireless transmitters, wireless powered speaker, wireless receivers, wireless amplifiers, diversity tuners; digital multi equalizers; power amplifiers; television receivers; Plasma television receivers; Plasma displays; Plasma display panels; stands for plasma display panels or plasma television receivers; wall mount bracket for plasma display panels or plasma television receivers; LCD television receivers; liquid crystal displays; liquid crystal display panels; combined television receivers incorporating disc/video tape players/recorders; antennas, namely GPS antennas, diversity antennas, television antennas; video tuners; LCD (liquid crystal display) projectors; lenses for LCD (liquid crystal display) projectors; ceiling mount brackets for LCD (liquid crystal display) projectors; digital light processing projectors; lenses for video projectors; video cassette recorders; video cassette players; camcorders; cases for camcorders; electric viewfinders for camcorders; waterproof covers for camcorders; AC (alternating current) adapters for camcorders; shoulder straps for camcorders; digital HD (high definition) video cassette tape recorders; digital HD (high definition) video cassette tape players; colour video systems for large-scale display; cable television systems comprising set-top boxes, namely, cable television convertors and receivers for receiving cable television; hard disk drives; electric optical display boards; multi-purpose electric information display systems, namely display screens, projectors, media players, site controllers; surveillance cameras; closed circuit video equipment systems comprised of security camera & lens, analog or digital recorders, monitors, video servers, matrix switches and control systems, housing and mount brackets, fiber optics; electric and electronic video surveillance installations; camcorders for professional use; video recorders for professional use; video switchers; DVD authoring systems; light emitting diode displays; In-car cameras; wireless camera (electric); wireless camera monitoring apparatus, namely a wireless video camera with built-in motion sensor; video signal converters for network cameras; network camera controllers; servers for network cameras; outdoor wireless camera monitoring apparatus with motion sensors and lights; switching devices for live image production; real time graphic processors; digital audiovisual mixers; DVD video recorders; DVD video players; LCD video monitors; adapters for use in wireless connection to display; carrying handles for projectors; all-in one DVD video cassette recorders; all-in one DVD video cassette players; table racks for televisions; optical disc drives; optical disc recorders; optical disc players; optical disc changers; optical disc cartridges; facsimile transceivers; telephones; cellular phones; IP telephones; cordless telephones; conference speakerphones; cellular phone accessories, namely battery packs, cases, chargers, holders, power supply adapters, headsets, earphones, microphones; telephone answering machines; private automatic branch switching systems; global positioning system receivers; radio telephones; multi-channel access radio systems; electronic displays providing real-time traffic information; apparatus for video teleconferencing, namely tabletop microphones, wireless microphones, conference telephones, video telephones, USB telephones, conference speakers, conference cables, display mounting systems, projector screens for video teleconference , conferencing remotes; apparatus for local area network, namely LAN ethernet cables, LAN sockets, LAN plugs, ethernet interfaces, crossover cables, LAN network cables, LAN media access controllers (MAC), LAN splitters, network switches, LAN network cameras, LAN network computers , LAN network servers, LAN power supply, LAN midspans; AV codec encoders and decoders; In-car navigation/route guidance appliance; remote controllers for audio/visual machines; photo printers; video printers; multi-function printers; finishers for multi-function printers; paper feeding stands for multi-function printers; paper transporter for multi-function printers; hard disk drive units for multi-function printers; memory boards for multi-function printers; printing page counting software for multi-function printers; digitized document distribution (to PC/mobiles) software for multi-function printers; waste containers for toners for multi-function printers; verification (sent/received) stamps for multi-function printers; control panels for multi-function printers for use with computers; Wireless G3 communication units for a paper distribution system for multi-function printers; Internet facsimile units for multi-function printers; paper cassette units for multi-function printers; catch trays for multi-function printers; apparatus for sending and receiving voice mails for multi-function printers; RFID (Radio Frequency Identification) reader/writer for multi-function printers; LAN boards for multi-function printers; extension cassette for multi-function printers; handset units for multi-function printers; wireless speakerphones; visual/information distribution systems comprising management servers, operating terminals, controllers; digital broadcasting systems which consists of video cameras for digital broadcast, switchers, outside broadcast vans; multimedia learning systems consisting personal computers, audio recorders, video recorders, and software for use in creating, viewing and editing audio and video recordings; programmable logic sequence controllers for computers; computer peripheral devices, namely computer cables, computer display screens, computer keyboards, computer memory cards, computer mouse, computer power supplies; computers; MPU (micro processor unit) cooling fans; Internet gateway protocol device for linking a network with another network using different protocols; image scanners for computers; printers for computers; PC cards, namely computer memory cards; computer keyboards; floppy disk drives; card readers; card reader/writers; bar code readers; bar code scanners; portable data terminals; terminals for POS (point of sales) systems; mobile computers; hard disc drives; electronic calculators; network cameras; routers; multi-function printers, namely, those which can be used as a printer, a scanner and a facsimile machine in one unit having network connectability; wireless LAN adaptors; SD (secure digital) memory replication apparatus; network disk recorders; memory card camera recorders; memory card recorders; memory card drives; digital video cassette recorders; digital video cassette players; digital video cassette camera recorders; video encoder cards; optical disc cartridges; external data storage devices, namely jump drives, flash drives and thumb drives; blank video cassette tapes; cleaning tapes for tape drives of audio/video tape recorders/players; blank D-VHS video cassette tapes; blank digital video cassette tapes; blank audio cassette tapes; blank floppy discs; blank optical discs; IC memory cards; SD (secure digital) memory cards; ultrasonic gas meters; light emitting diodes; LSI (large scale integration circuits) for use in telecommunication apparatus and machines and image processing apparatus and machines; microcomputers; image processing large scale integration (LSI); semiconductor memory devices, namely electronic data storage using integrated circuits; semiconductor lasers for optical pickup; charge-coupled device (CCD) image sensors for use in digital cameras, optical scanners, fax machines, microscopy and video cameras; MOS (metal-oxide semiconductor) image sensors, namely integrated circuits containing pixel sensor arrays for use in cell phone cameras, web cameras, digital cameras and digital single-lense reflex (DSLR) cameras; electric tuner units; high-frequency units; RF (radio frequency) modulators; speaker components; filters of electric signals being electrical/electronic components; light modulators; light emitting modules; photo detectors; thermistors; Hybrid integrated circuit (IC), namely electronic circuits for use in high power audio amplifier applications, televisions, microwaves, cellular telephones, smartphones, computers; chip coils (electronic parts); choke coils; touch panels; remote controls; duplexers; surface acoustic wave (SAW) devices, namely filters, oscillators and transformers for use in mobile telephones, smartphones, tablet computers, radio transmitters, radio receivers, television receivers, seismology, acoustic flow measurement; Baluns (balanced to unbalanced transformers); RF (radio frequency) modules; bead cores for EMI filtering (electronic components); bead arrays for EMI filtering (electronic components); electric cooling fans for electronic machines and apparatus; electric cooling fans for telecommunication machines and apparatus; checking (supervision) apparatus and instruments, namely, electric apparatus for door closing and opening, communication and monitoring equipment for apartment and condominium buildings; remote controls for lighting appliances; remote control panels for lighting appliances; solenoids; aerials, namely radio aerials and television aerials; GPS receivers for use in search of lost pets with radio transmitters/receivers; electronic panels indicating attendance/non-attendance of office workers; software for programmable controllers for use in production lines; computer software for processing images and graphics; image processing apparatus, namely, optical scanners; 3D (three dimensional) television sets; emergency exit sign lighting; surgical, dental and veterinary instruments; medical instruments for general examination; Dental CCD (charge coupled device) sensor system; medical semiconductor laser treatment devices; ultrasonic diagnostic equipment; hearing aids; electronic blood pressure meters; blood pressure management system; electric massage chairs; electric bed-type massagers; massage tools; beautification massagers; electronic clinical thermometers; electric beds for medical purposes; low frequency electric therapy machines; high frequency electric therapy machines; therapeutic apparatus for transcutaneous (through the skin) electrical nerve stimulation; electric air mats for prevention of bedsore; electric mat-type massagers; electric inhalers; electric heating pads for medical use; sheets (for medical use); electrically heated carpets for medical use; electrically-operated pillows incorporating adjustable air bags for medical use; electric sensors for blood sugar level measurement; electric sensors for blood lactate level measurement; apparatus for DNA analysis; foot massagers; blood testing apparatus; electric blankets for medical purposes; oral irrigators for medical purposes; electric esthetic massagers; beds for medical use; ocular movement tester; exercise devices incorporating a mirror, video recorder and video display for medical rehabilitation training purposes; dental intraoral cameras; CO2 incubators for medical use; cooled incubators for medical use; plant growth chambers for medical use; blood pressure monitoring machines; clean benches for medical purposes; biohazard safety cabinets for medical use for preventing biohazard; battery-operated scalp massagers; machine for analysis of gene expression; set units of toilet bowl and seat; bath units comprising a bathtub, a shower, a mirror, a door and a counter; furnace boilers, hot water boilers, heating boilers; air conditioning apparatus, namely air conditioners, remote controllers for air conditioners; solar water heaters; electric lamps, lighting fixtures; household electrothermic appliances, namely, gas rice cookers, slow cookers, induction heating hobs, electric blenders, electric juicers, electric hand mixers, electric food processor, electric tea leaf grinders, electric meat grinders, electric can openers, electric knife sharpeners, electric coffee mills, gas cooking stoves with ovens, electric food-pans, electric dish washing/drying machines, cooking tables; kitchen worktops; kitchen sinks; toilet stool units with a washing water squirter; bathtub units integral with a bathroom floor and a sink; air conditioners for automobiles; gas fired heaters; car seat heaters; installations for refrigeration and freezing; refrigerators; gas refrigerators; freezers; electric ice makers; refrigerating display cabinets; freezers used for retail display showcases; incandescent lamps; head lamps (head torches); fluorescent lighting fixtures; electrical bulbs; miniature light bulbs; flashlights [torches]; electric lanterns; dynamo lights for bicycles; motion sensitive security lights; discharge lamps; stage lighting fixtures; wall lights; outdoor lights for gardens and yards; ceiling lights; germicidal lamps; gate lights; escape lights; street lighting; chandeliers; glow switch lamps; downlight lighting fixtures; glow switch starters; desk lights; sockets for electric lights; electric lanterns; spotlights; temporary emergency lighting; emergency lights; mercury vapor lamps; high-pressure mercury vapor lamps; sodium lamps; searchlights; safety lamps; light diffusers; light emitting diode lamps; automatic bread making machines for household use/household purposes; electric kettles; electric pressure cookers [autoclaves]; electric rice cookers; electric roasters; toasters; electric coffee makers; electric thermo pots; electric barbecue griddles for household purposes; electric frying pans for cooking; electric cooking utensils; electric rice cake makers for cooking; induction heating electronic rice cookers and warmers; electric fans; ventilating fans for household use; electric air deodorizers for cars; filters for air purifiers; electrically heated carpets; electric blankets other than for medical purposes; electric foot warmers; water ionizers; electric water heaters; sterilization equipment for mattress and futon; electric refrigerators for cosmetics; dryers for pets; electric cooling and warming mats in the nature of heating and cooling inserts for pet beds; electric space heaters for bathrooms; electric hair dryers; brushes being parts of hair dryers; electric hair steamers; electric facial equipment, namely dermatological equipment using microelectric current for facial muscle stimulation; steam generators for facial treatment; electric pore cleansers; ovens for cooking; electric cooking stoves; gas cookers; microwave ovens; sinks; cooking tables comprised in integrated kitchen systems; electric rice cookers and warmers; gas cooktops; electric dehumidifiers; electric humidifiers; air curtains; air handling units, namely, machines for regulating and circulating air as part of heating, ventilating and cooling (HVAC) system; ceiling fans; roof ventilators; electrostatic precipitators for cleaning air; electric air purifiers; filters for air purifiers; range hoods for cookers; air outlets for air conditioners; membrane unit for oxygen enrichment; heat exchange cooling units for cooling electric machines; electric air deodorizers; air conditioners; electric space heaters; electric radiant heaters; hot water heaters; hydronic underfloor heaters; electric floor heaters; heat pump units; heat pump water heaters; positive temperature coefficient heaters; carbon lamp heaters; ventilators, namely, turbine ventilators, power ventilators, roof ventilators, ventilators for medical use; electric clothes drying machines; induction cookers; dish dryers; electric dish dryers; cold/hot water dispensers; electric water coolers; instantaneous hot water boilers; water boilers for showers; water heaters; lamps for LCD (liquid crystal display) projectors; electric toothbrushes; replacement brushes for electric toothbrush; water powered machine for cleaning teeth and gums; combs; cosmetic utensils; capes for haircut; hair brushes; oral irrigator other than for use in dentistry; electric machine for cleaning of the oral cavity for hygienic purposes, not for medical use; electric body brushes; electric ionizing combs; electric ionizing hair brushes; electric face brushes for household use.

CERTIFICATION MARK

RPT

Certification Mark Text
The use of the certification mark is intended to indicate that the specific listed above in association with which it is used are of the following defined standard: The certification mark, as used by authorized persons, certifies that services rendered by persons authorized to use the mark are provided by persons who have passed three examinations: 1. A written exam tests basic knowledge of piano design, tuning theory, repair techniques and various other topics relevant to piano technology; 2. A tuning exam tests skills matching as closely as possible a "master tuning" created by a panel of examiners who have agreed - after painstaking experimentation and analysis - on an optimal tuning for the test piano; and 3. A technical exam tests professional-level skills in assembling a grand and a vertical piano action (the mechanical component of the piano) and in making all the complicated adjustments (called "regulation") so that they function properly.

SERVICES

Piano tuning, repair, and maintenance.
